

DIRECTOR OF CENTRAL INTELLIGENCE
Science and Technology Advisory Panel

(2)

17 JUN 1980

MEMORANDUM FOR: All STAP Members

SUBJECT: STIC Priority Questionnaire

1. Enclosed is a priorities questionnaire that has been developed by the Scientific and Technical Intelligence Committee (STIC) over the last year. A variety of respondents, including collectors, processors, analysts, producers, and users of intelligence, are being asked to "fill in the squares." To complete the picture, STIC is asking the STAP members for their views--an intelligent, objective look by knowledgeable outsiders.

2. Please complete and return as soon as convenient, or on the plane to Washington and bring it with you for the 26-27 June meeting--it is likely to be discussed for a bit at that time. When filled in, treat as confidential and we will classify it when we get it back.

3. I am looking forward to seeing you once again next week.
